SECRETARY - CAROL ECKERT

FROM THE
PRES

Well, here it is the end of the another year. It sure goes by fast when you are having fun. I enjoyed being President this past year and want to thank everybody one last time for all the help they gave me. I'm sure the next President will appreciate the same kind of help. Hope to see everyone at the Christmas party. I know we will have a great time with good food and good company. Don't forget to get your projects done for the Symposium in February. Let's make the Static Display the best ever. With winter here, we have a lot of time to work on a new plane. When you can't go out flying, this is the next best thing to keep busy. It makes the time go by faster until spring gets here again. We had a nice and safe flying time this last season. I know we will have a nice and safe flying time next season. All we have to keep doing is think safety first. Merry Christmas and Happy New Year to all.

Gary Eckert
