PrezSez;

This months meeting will be on Wednesday, April 14, at Walt's at 7:00pm. As a reminder, the meeting is always the second Wednesday of the month. This is the last meeting at Walt's until the fall.

From the Prez,

Field Workparty April 17

PRE-Flight School Workshop 04/29

Hello to all.

The field is just a little wet but the weather forecast for this weekend is supposed to be sunny and 70s. If it is, I am going to be flying.

The field clean up is set for April 17 and we will start at 9am, weather permitting. If not, the rain date will be April 24th and we will start at 9am. If you have a lawn comb or spring rake, please bring it along. I am sure we can put it to good use.

I talked to the beaver trappers and they said they had set 125 traps for four days and did

not get anything at all. For now it looks like we have the upper hand. But, as soon as I can, I plan on going out to break a hole in one of the dams and see how long it takes them [beavers, not the trappers] to repair it.

The next thing coming up here shortly will be Heli Flight School, Tuesday April 20th and it starts at 5pm. Then on Thursday May 13th at 5pm, is fixed wing flight school. The pre-flight work shop for fixed wing school is on April 29th at Walt's Hobby at 7pm.

Hope your flying is nothing but the best.
Prez Roy

SPECIAL REPORT: Peter Seiffert, AMA District II, AVP

As some of you know, a few weeks ago Jim Mirra and I went to the Museum of Science and Technology (MOST) to show and talk about model aircraft to 50 Boy Scouts and their families.

From that time I have been discussing the idea of promoting model aircraft more at the MOST. On Friday April 2, Dave Matthewson, Herb Zigler, Al Metz, and I had a meeting with the President,

Director, and other people at the MOST to come to an agreement on how we can promote model aviation at the MOST. The AMA is very interested in this project to promote model aircraft to all ages.

We agreed to have at least two members on the first Saturday of each month from 11:00 until 3:00 and bring aircraft to talk about to museum guests. This will be a very low key, show aircraft (that we will

bring), answer questions, and hand out AMA and club literature to those interested.

The STARS will share the duties with the ARCS. We will try to get more clubs involved in the future. If you are willing to volunteer for this project, please email me. I will be promoting the project at the STARS meeting and ask for sign-ups.

The Director of the MOST has invited us to "show and tell" at their Rocket Team Challenge on June 5th at 9:00 am at the Syracuse University Skytop.

Peter.

Secretary's Report:

The March 2010 STARS regular meeting was called to order by STARS President, **Roy Fields**, at 7:00 pm. There were **11** full members, **1** associate member, **no** youth members, and **1** guest in attendance.

Secretary's Report: The Secretary's Report from the February meeting was submitted for approval. The Secretary noted that an error existed in days of the week for Heli and Fixed Wing flight Schools. Motion to approve was made by Bob Fisk and 2nd by Mike Graham. Carried unanimously.

Treasurer's Report: Chuck LeVine

Shares for Bob Prugger have been paid off. AMA Charter has been renewed. All Open Members have paid for 2010. There are ten (10) Associate members that have not paid. All bills are current. Motion to approve was made by Bob Fisk and 2nd by Mike Graham. Carried unanimously.

Committee Reports:

Field Committee: Carl Moore

The field is a mess right now.

We've been offered a free freezer. The expenditure previously approved is no longer required.

From Peter- We have noticed lately that some members are not resetting the combination locks to "0000" immediately after opening the lock. It has been the policy after unlocking any of the combination locks to immediately reset the tumblers to "0000". The reason is that a non-member can look at the locks to see the combination if we do not reset them to "0000".

The field committee is making a major effort to clean up the trash and junk near the old toilet shed this year. Please do NOT bring your trash and junk to the field.

AMA: Peter Seiffert, AMA District II, AVP

The sign 3 and fly free program is open. Get three new AMA members and you get your AMA free for a year.

The AMA is revising the membership campaign. They're looking for more feedback from leader members. To become a leader member requires an additional annual due to AMA of approximately \$10.00. This is a step above the general AMA membership. Leader members are polled directly by the AMA. Past club officers and long time members are encouraged to become leader members.

The STARS club is a Gold Leader Member.

Long Range Projects: Bob Rowe

We received a quote on the fence repair from Jim VanCise. This is to replace the top rail, anchor the end posts and tighten the chain link. The quote is for \$500.00. Motion made by Mike Graham and 2nd by Rick Colvin to approve the repair. Carried.

The transmitter impound is gone. The frequency pins are still there and an area for the transmitters. All flyers not using the 2.4 systems must still use the frequency pins.

Flight School: Bob Rowe

Heli School starts back up on Tuesday April 20.

Fixed Wing PRE FLIGHT WORKSHOP is Thursday April 29 at Walt's starting at 7pm.

Fixed Wing School starts back up on Thursday May 13.

Volunteers are needed for all flight schools and the pre-flight workshop. Please contact Bob to officially volunteer. Show ups are also welcome.

HELI-JAM: Chuck LeVine

Heli Jam is on for June 26. The event flyers are done and the t-shirts have been printed.

Help is needed all around. Please contact Chuck for an assignment.

Old Business:

Safety Report: Peter Seiffert

No Safety Report at this time.

STARS Web Site: Nothing new at this time.

New Business:

Port-A-Potty: The port-a-potty will back at the field on May 1st. Last season was a success so let's keep it up. Remember- Please use it with respect and regards to the next user. The potty is serviced regularly. Please notify one of the STARS officers if you find the potty is not being serviced. Do not use the potty if it has been tipped over.

Fuel Order:

A volunteer was requested to take over the spring fuel order duties. In lieu of a volunteer, Walt's will give a discount on fuel.

New Members:

No new members.

Adjournment:

The March regular monthly meeting of the STARS was adjourned at 7:18 PM with a motion from Bob Fisk and second by Carl Moore.

Secretary
Jeff Wolsley

Safety Officer Report: Peter Seiffert

I was at the field a few days ago and a new member started to fly from a place other than the flight line. Before he took off, I politely asked the new member to use the flight line. He willingly complied and said he didn't know. We are again getting a number of new members and many don't take the time to read the back of the application for membership for basic rules.

Safety is everyone's job. I can't be at the field all of the time. If you see something that does not look correct please say something to the person. Be polite, and remember- YOU may be the person that is in danger. If you don't remember the rules, review the back of the membership application.

Safety Officer,
Peter Seiffert

Items for sale:

All that is for sale on the internet is not gold. This was sent to me by Mike Graham. This is currently all over the internet so the likelihood of someone trying to peddle these is slim. But if there weren't any dumb criminals out there, who would we have to make fun of?

A friend of my dad helped design the Crossfire model mentioned here. If anyone notices these for sale on the Net let the Mfg know. Thanks, Dan

Subject: Theft of GS R/C Aircraft Kits

Golden Skies R/C Aircraft, Inc

Subject: **Theft of Golden Skies R/C Aircraft**

Golden Skies R/C Aircraft's Cargo Trail was burglarized in Mid-March 2010. Approximately twenty (20) each [CrossFire 320E](#) and [Bampf 3D Extreme ARFs](#) were stolen. This burglary occurred in Southern California.

GS R/C asks that you be aware that there are **NO Distributors or SELLERS** of the above ARF kits other than Golden Skies R/C Aircraft. (Cermak is the only currently authorized dealer.) We ask that you also be aware of any CrossFire's or Bampf's being offered in any of the popular re-seller websites such as E-Bay or Craig's list.

Finally, GS R/C asks that:

1. You share this notice with your fellow pilots and club members.

2. Please alert GS R/C of any new CrossFire or Bampf arrivals at your field that did not come directly from GS R/C.
3. Alert GS R/C if you see the CrossFire or Bampf being offered for sale on any website other than www.goldenskiesrc.com or retail store.

Thank you for your assistance in our effort to catch the people responsible for the robbery.
